

REPORT OF THE STANDING SUBCOMMITTEE ON RETENTION AND TRANSFER

The following retention requirement was approved by the Subcommittee on Retention and Transfer--effective Fall Semester 1995:

#RT-66 - Major in Architecture

Architecture students are reviewed at the end of the fourth semester (second year) for retention in the program. A portfolio of architectural design work examples will be submitted by each student and evaluated by a committee of faculty members. The review will be based on criteria which evaluates growth over the four-semester period and architectural design competence as evidenced in the architectural design work examples presented in the student's portfolio. A positive review will permit the student to continue in the major. A negative review will not permit continuance in the Architecture program. For students who receive a negative review, every effort will be made to advise them into a related discipline
